

Summary of Workshop #1

Envision Wildomar 2040

OVERVIEW

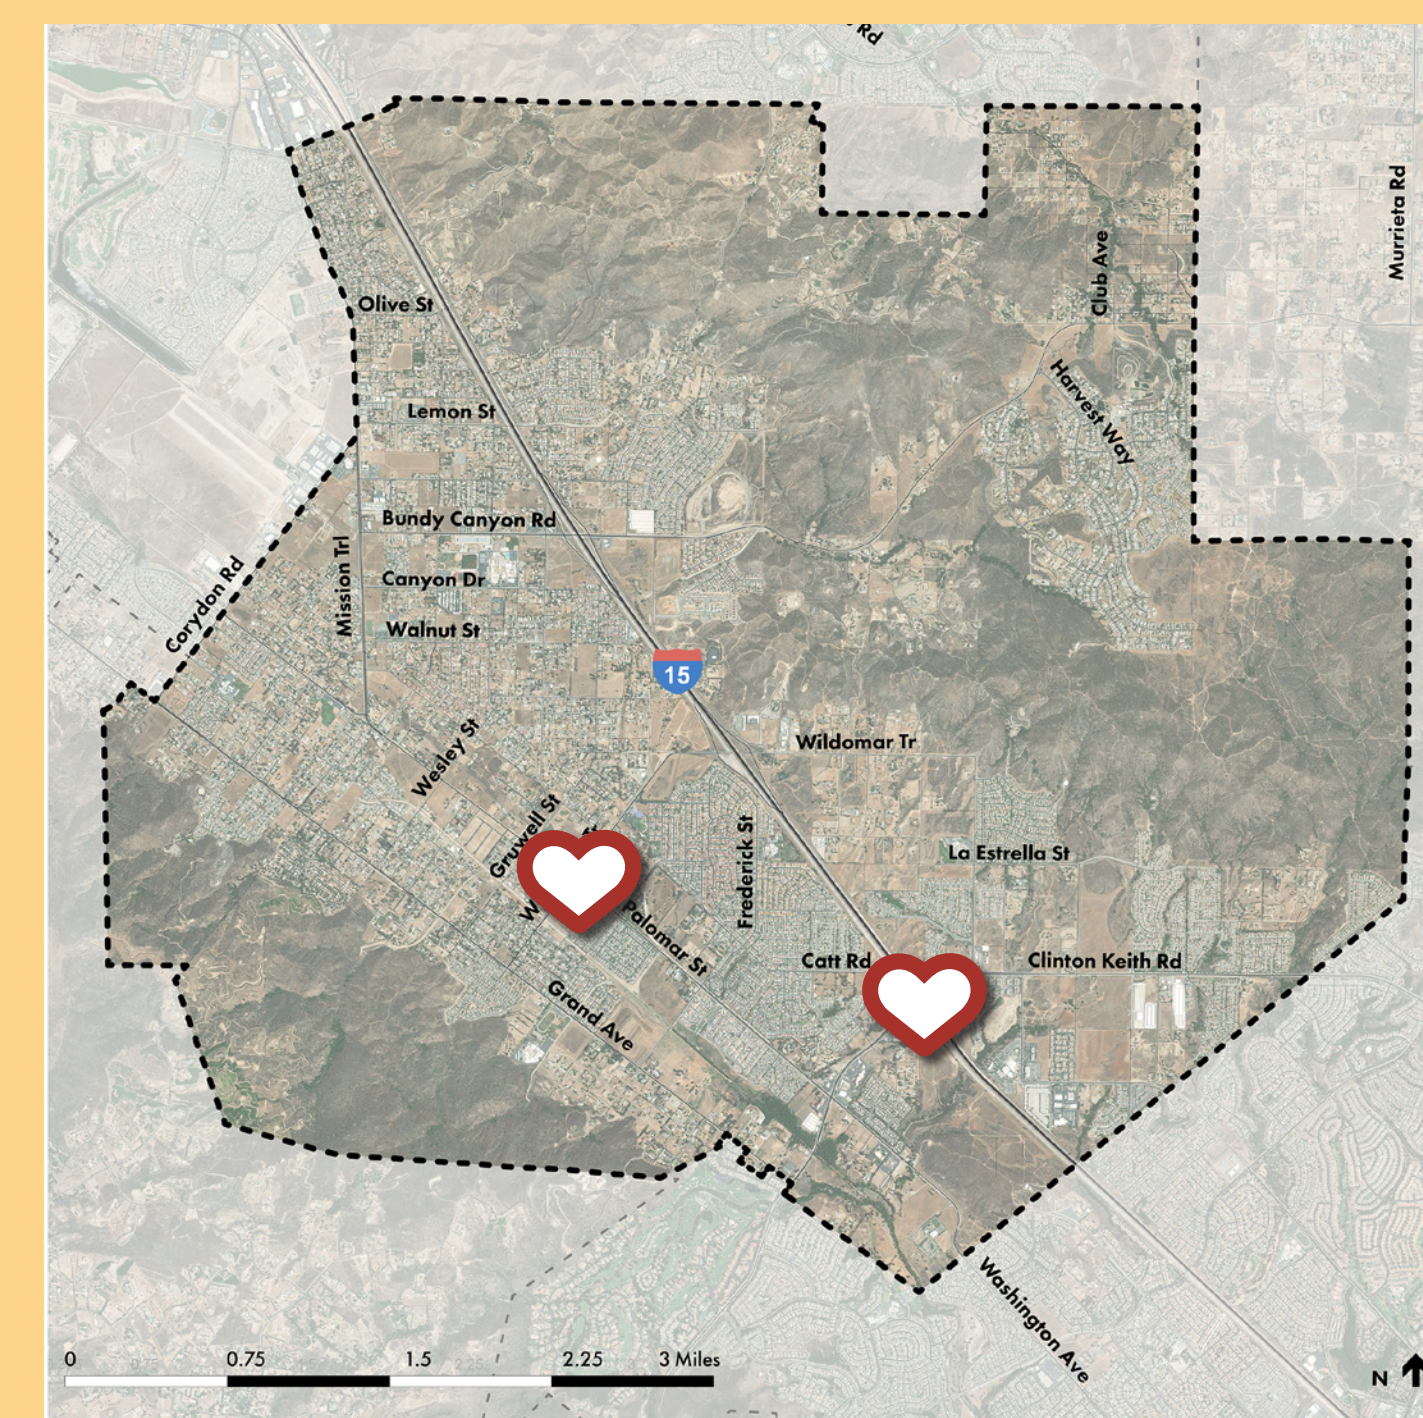

In July 2022, the City of Wildomar hosted the first citywide workshops to solicit input from the community on the update of the City's General Plan. An in-person workshop held at the Corporate Room on July 14th was attended by approximately 15-20 community members. A virtual workshop, covering the same content, was hosted on Zoom on July 19th and attracted 18 community members. Both workshops included a presentation followed by four interactive activities that asked the following questions:

- Where is the Heart of Wildomar?
- What land uses are missing in Wildomar?
- How does Wildomar move?
- What do you love about Wildomar?

This board highlights key takeaways from the first community workshop. A detailed report of findings can be found at envisionwildomar2040.com
